CRECHETIME
MANAGEMENT SOFTWARE

TRUSTED CRECHE MANAGEMENT TECHNOLOGY

- Crechetime serves a wide variety of childcare creches and schools across South Africa with its comprehensive platform.
- Crechetime technology connects hundreds of thousands of parents to pre-schools, early childhood learning programs, Department of Basic Education before and after care programs, daycares, enrichment programs, and more. Every interaction tells a story of the impact our clients are making in the communities they serve.

WHO WE CATER FOR

- Daycare & Daycare Centers
- Pre-School & Early Childhood Programs
- Before & Aftercare

ALL IN ONE PLATFORM TO POWER YOUR CRECHE INSTITUTION

- Delight your families and staff with the most flexible, all-in-one platform with a portfolio of offerings in one place. Enhanced with the best experience you want with the features you need to elevate and streamline your creche.
- Seamless integration from other management softwares used to Crechetime.

STREAMLINE YOUR CRECHE TODAY WITH A POWERFUL ALL-IN-ONE PLATFORM

- Affordable for creche providers of all sizes, Creche Time pulls together all aspects of your business securely with intuitive dashboards, cutting-edge automation tools, and custom reporting.
- You shouldn't have to spend valuable time digging around for the information you need to run your business.
